

	Date	Topic	Presenter	Literature
1	18.10.22	Sound change and its basis in human speech processing.	JMH	1-4
2	21.10.22	The phonetic foundations of some frequently occurring sound changes.	JMH	1-4
3	25.10.22	Models of sound change: Pam Beddor und John Ohala.	JMH	1-4
4	28.10.22	Models of sound change: Pam Beddor, Björn Lindblom, Janet Pierrehumbert.	JMH	1-4
	01.11.22	-		
5	04.11.22	Under what conditions might clicks emerge in European languages?	Johanna Schirmer	ohala1995.phonetica.pdf
6	08.11.22	Under what conditions can epenthetic stops emerge in production and perception?	Camilla Anton	warner2001.jop.pdf
	11.11.22	-		
7	15.11.22	What are the phonetic origins of dissimilation?	Magdalena Saumweber	jatteau2016.pdf
8	18.11.22	What is the 'actuation of sound change' and how is it investigated?	Franziska Muck	baker11.lvc.pdf
9	22.11.22	What are the influences of reduction and lexical frequency on sound change?	Katja Meissner	lin14.labphon.pdf
10	25.11.22	What is the role of 'informativity'	Jessica McCracken	cohenpriva.pdf

		in sound change?		
11	29.11.22	What evidence is there for cue reweighting in coarticulatory vowel nasalisation?	JMH	11
12	06.12.22	In what way has Standard German influenced West Central Bavarian vowels?	Andrea Behrens	Siehe 13, Literatur
13	06.12.22	What is the role of 'cue reweighting in tonogenesis?	Daniel Gebray	Siehe 13, Literatur
14	09.12.22	Is there a sound change in progress in stop voicing in West Central Bavarian?	Jana Freudenberger	kleber2018.jop.pdf
15	13.12.22	Are social factors driving a fricative merger in the Berlin variety of German?	Khanh Nguyen	jannedy14.labphon.pdf
16	16.12.22	How is the sound change of pre- to post-aspiration manifested in Andalusian Spanish?	Johanna Schirmer	ruch2018.pdf
17	20.12.22	How is the sound change metaphony manifested in southern Italian dialects?	JMH	17
	23.12.22	-		
18	10.01.23	Is the awareness of a dialect feature important for its acquisition?	Camilla Anton	nycz2016.pdf

19	13.01.23	To what extent are the speech sounds of a new dialect predictable?	Magdalena Saumweber	trudgill08.langinsoc.pdf
20	17.01.23	How are memory and sound change connected?	Franziska Muck	hay16.language.pdf
21	20.01.23	What can lifespan studies tell us about the mechanisms of sound change?	Katja Meissner	Siehe 21, Literatur
22	24.01.23	What kinds of mechanisms cause vowel chain shifting in New Zealand English?	Jessica McCracken	Siehe 22, Literatur
23	27.01.23	Can front vowel raising induce diphthongization in high vowels in New Zealand English?	Andrea Behrens	maclagan07.lvc.pdf
24	31.01.23	Are individuals in small social networks susceptible to language change?	Daniel Gebray	lev-ari18.pdf
25	03.02.23	How can bipartite networks be used for quantifying sound change?	Jana Freudenberger	dodsworth19.glossa.pdf
26	07.02.23	How are the mechanisms of sound change informed by agent-based computational models?	JMH	26
27	10.02.23	How can computational models of sound change be used to	Khanh Nguyen	kirby14.labphon.pdf

		explain tonogenesis?
